RE: Provider Directory Update

Dear Practice Administrator:

Medicare requires that Provider Directories be current and list each individual provider by each location(s) they practice at two times per week or more.

In our effort to remain Medicare compliant, Arizona Priority Care (AZPC) has limited the number of practice locations in our directory to five locations per provider. We are requesting an updated roster of your providers, with the above specifications, to be submitted to us by Friday, February 5th, 2016. You may use the attached roster or submit your own.

Please fax your roster to: **480-499-8729** or email it to: **provider.network@azprioritycare.com**. If you have any questions, please call Beverly Whitehouse at 480-499-8700, ext. 8241.

Thank you for your assistance with this matter.

Sincerely,

Marie Cremisino
Director, Network Strategy and Contracting
