**Subject: Cardiology Network Update**

Dear Provider:

This letter is to provide your practice with updated information regarding Arizona Priority Care's (AZPC) network of contracted Cardiologists. As you are aware, AZPC has been working towards a Cardiology network that serves both Maricopa and Pinal counties. Effective March 1, 2016, AZPC has added additional cardiology groups to the network and the cardiology network is now complete. Please refer to the enclosed listing and discard any previous listings.

As noted in our recent mailing to you dated December 3, 2015, AZPC no longer requires a referral or prior authorization for cardiology services that are directed to specific cardiology groups within our network. Please refer to the enclosed listing for specific instructions regarding prior authorization requirements.

If for some reason you feel you need to use a non-contracted cardiologist or a cardiologist not part of our cardiology network, you must obtain a prior authorization and can contact our Prior Authorization Team at (480) 499-8720.

If you have any questions regarding this notice, please contact our Provider Network Department at (480) 499-8720.

Sincerely,

Amish Purohit, MD, MHA, CPE, FACHE  
Chief Medical Officer
