**Subject: Cardiology Network Update**

Dear Practice Administrator:

This letter is to provide your practice with updated information regarding Arizona Priority Care's (AZPC) narrow network of contracted Cardiologists. Effective November 1, 2015, AZPC has added additional cardiology groups to the narrow network. Please refer to Attachment A for a full listing of our cardiology network. Please discard any previous listings.

As previously indicated, all referrals for non-urgent cardiology services must be sent to Arizona Priority Care and should only indicate that the referral is for Cardiology Services (no specific physician or group should be indicated). The AZPC Referral Department will direct the member to one of our cardiology groups listed in Attachment A.

Referrals for members to see any cardiology group outside of the attached cardiology list may not be approved. Claims from non-contracted cardiology groups for non-urgent or emergent service, without prior authorization, may be denied. In the inpatient setting, any members seen by a non-contracted cardiology provider will be redirected to a contracted in-network cardiologist. Our members will be expected to follow up with one of the in-network cardiology groups once discharged.

If your AZPC patient has an urgent cardiology concern, please follow these directions to ensure that the services are approved. Urgent Cardiology services require direct communication between the member's PCP to the in-network cardiologist. Please refer to the attached list for our in-network cardiology group phone numbers. When sending the referral to AZPC, please indicate that the PCP has received approval from the in-network Cardiologist to send the patient directly for an urgent visit.

If for some reason you feel you need to use a non-contracted cardiologist or a cardiologist not part of our narrow network, you must obtain a prior authorization and can contact our Prior Authorization Team at (480) 499-8720.

We urge you to ensure that all cardiology referrals are sent as indicated above. If you have any questions regarding this notice, please contact our Provider Network Department at (480) 499-8720.

Sincerely,

Amish Purohit, MD, MHA, CPE, FACHE  
Chief Medical Officer
