Lab Requirements for all CT and MRI contrast exams

- ❖ All lab results must be within 30 days of the scheduled appointment and will be accepted provided the values for BUN/Creatinine/GFR are within normal limits

- ❖ If the patient is under 65 and does not have a history of diabetes, hypertension and/or kidney disease – NO LABS ARE REQUIRED

- ❖ If the patient is under 65 with history of diabetes, hypertension and/or kidney disease – labs **must** include BUN/Creatinine and GFR and must be normal within last 30 days

- ❖ Any patient with a history of diabetes, hypertension and/or kidney disease must have current labs, regardless of age

- ❖ Any patient with abnormal labs, regardless of age and/or condition must have them redrawn within the two weeks prior to contrast administration

- ❖ Patient labs must be drawn at a Sonora Quest facility
